

Disability Equity Collaborative Research Presentation:

BEHIND ENEMY LINES: DISMANTLING ABLEISM WITH A BROKEN HEALTHCARE SYSTEM

This presentation will discuss ableism within the healthcare system and offer a few strategies to dismantle ableism at different levels. The presentation aims to be informative and motivating so you are encouraged to think of and share your own strategies as they emerge during or after this discussion.

Wednesday, March 1st at 12p ET

Dr. Kara Ayers is an Associate Professor of Pediatrics at Cincinnati Children's Hospital Medical Center. Her research interests include health equity, disability ethics, disabled parenting, and the role of media in shaping our views about disability. She directs the National Center for Disability, Equity, and Intersectionality as well as the Disability Research Lab. Dr. Ayers will share her contact information and welcomes people to connect after the presentation.
